

Meet the Teacher

MRS. ANNA

ABOUT ME:

I am excited to be part of the teaching team at Shining Stars Preschool & Daycare and to support children's learning and social-emotional development in a safe, nurturing environment. I bring over 20 years of experience in licensed early childhood education settings and am highly organized, adaptable, and committed to using positive guidance and inclusive classroom practices to support each child's success.

EDUCATION:

I earned my Associate of Arts degree in Human Services from Ohio Christian University in 2025. My professional training includes CPR certification, mental health and suicide prevention, behavioral health supports, and de-escalation strategies. I am committed to ongoing professional growth and continuous learning in alignment with Step Up To Quality standards.

FUN FACTS:

I am a Christian wife and mother, and my husband and I share a blended family with my 14-year-old daughter, six adult stepchildren, and five grandchildren. Family is very important to me and influences the care, patience, and respect I bring into the classroom each day.
